

Consortium Agreement Between BioGrad Exams and Registered Exam Centre

Exam centres may form a consortium arrangement with BioGrad Exams to deliver the practical components of their A-level courses. It is the responsibility of the Exam Centre to inform their exam board of this arrangement.

The below form must be completed by the member of staff responsible for making A-Level science entries at your institution, then returned to student.services@biograd.co.uk.

Once this form has been completed and sent to us, we will update our systems to allow your students to book their courses online. Your students will be able to select your Exam Centre and we will contact the person below with the pass/fail grades each time one of your students attends an assessed practical course at BioGrad Exams.

Alternatively, you may wish to register your students directly with ourselves. In this case, please contact us directly for the paperwork to register your students.
